

Town Meeting Nov. 20

## WARRANT MAY BE FOURTEEN ARTICLES

A total of fourteen articles may appear on the Warrant for the Special Town Meeting, called by the Selectmen for November 20.

The call for the Town Meeting was issued Monday evening, with the Selectmen promptly putting a 4:30 Friday deadline for submitting articles to the Town Clerk.

One hundred signatures of voters must appear on most of the articles filed with the Town Clerk. Selectmen's articles excluded. It seems that the shortness of time is no deterrent however, for many petitions are now being circulated around town.

The Selectmen's purpose in calling for the Town Meeting was to vote for a new library, and nothing else. The Board of Trustees of the Library asked the Selectmen to put their article in first position in the Warrant. It is possible they fear the effect of having a costly school building voted, before the library article appears before the voters.

Well placed rumors say that there will be an article calling for a new \$1.8 million school, on a site never before discussed, and that there may be a second article calling for a half million dollar addition to one of the present schools.

Four different articles for rezoning of land will definitely appear on the warrant, as things appear now. Two will be sponsored by the Planning Board and two by private individuals.

There may be an article for the sale of Town owned land. There will be an article for a change in the Zoning By Law to allow the word Motel to be used with the word Hotel.

And yesterday evening some No. Wilmington residents, more than a few, began to circulate an article calling for the Town to vote for a Leash Law for Dogs, in Wilmington. It appears that they will easily get their needed 100 signatures.

FRED CAIN CHAIRMAN OF WILMINGTON BANK & TRUST EXECUTIVE COMMITTEE

Fred F. Cain, Wilmington businessman, and Representative in the General Court has been elected Chairman of the Executive Committee of the Wilmington Commercial Bank & Trust. Mr Cain has been associated with the bank since its incorporation in 1961, and serves on its Board of Directors.

For many years a businessman in Wilmington, Mr Cain is treasurer of Fred F Cain Inc. and the North American Acceptance Corporation. He was charter president of the Wilmington Rotary Club, charter trustee of the Wilmington Elks, and is a past president of the Mass. State Auto Dealers Association and many other civic and professional organizations.

Commercial Bank and Trust Company, located in the Wilmington Plaza, maintains a branch office at 258 Cambridge Street in Burlington and is scheduled to soon open another office in North Reading. The bank has shown steady growth since opening and offers all banking services to Wilmington and surrounding communities.

## Worker Crushed

A South Tewksbury man was seriously injured yesterday at 6 am in back of the Wilmington Ford place on Main Street.

John Carthy of Bay State Road Tewksbury was rushed to the St. Johns Hospital in Lowell, where he was declared to be in very poor condition.

According to reports to the Wilmington police Carthy and truck driver Robert Brabant of MacDonal Road North Wilmington were hoisting a rubbish container to the back of a mechanized rubbish truck when the container somehow became disengaged from the mechanism, and fell on Carthy.

Mrs Gladys Nickerson of Marie Drive, who lost 36 pounds in 11 weeks became a new lecturer for the Diet Workshop on Tuesday. She is one of a group of ladies who have been losing weight in the Diet Workshop, an organization which aims to re-educate the eating habits of the individual.

The Diet Workshop held an Open House last Thursday in the High

School Cafeteria.

The organization holds weekly meetings, important because the members have someone to report to, and build morale. There are no pills, no fad or crash diets, and no one knows the weights of the participants except the lecturer.

One member who has been attending the weekly meetings has lost 50 pounds.

## Daylight Burglary

Daylight burglars struck for the third time in recent weeks, to rob the home of a Ling Electronics secretary, Tuesday morning.

Miss Ruth Young of Middlesex Avenue North Wilmington was robbed of a valuable ring and an undetermined amount of cash by burglars who made entry by breaking a window on the front porch.

Wilmington Police say the daylight burglars are becoming more bold, and that anyone observing suspicious men in a car should call the Police (658-3331) immediately.

## Broken Hydrant, Irish Parliament

## Arson Case #23 Had Everything

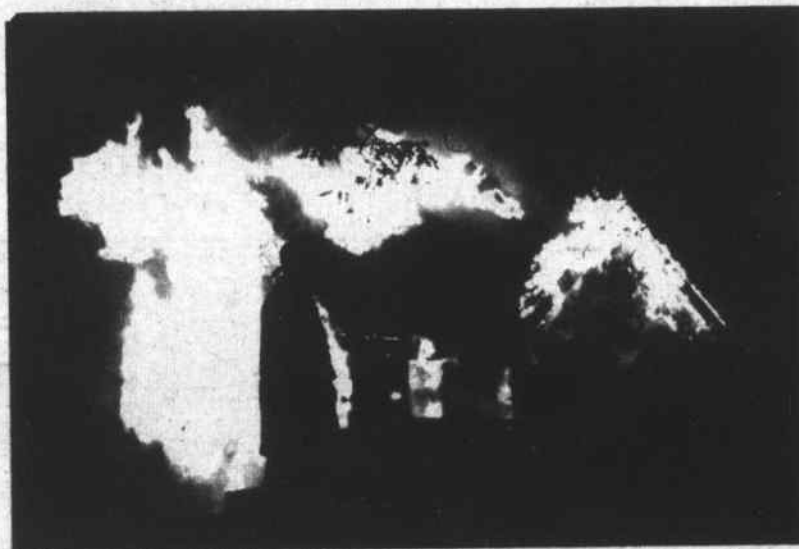

Arson case #23, in the current wave of midnight burnings, had everything - Alert Firemen, a Broken Hydrant, an Irish Parliament, Hundreds of Spectators, and a very satisfactory (from the spectator's viewpoint) thud when one of the two chimneys fell.

The fire was in an abandoned building, which has been boarded up for years, and which was located behind Weinbergs Store, on Middlesex Avenue. It was the property of Manoel Amaro of Cambridge. Mr Amaro has a business of buying up land and buildings at tax sales, and holding them for later sale.

He had owned this building for nearly 20 years.

As far as the Fire Department was concerned the story started at 10:05 pm when Engine 2 was dispatched to put out a fire in an auto on Burlington Avenue. Two

## Planning Board Plans Articles for Town Meeting

The Wilmington Planning Board was irked, Tuesday night by the news that the Board of Selectmen had set 4:30 pm Friday for the warrant for the Special Town Meeting of November 20th.

Chairman Gillis declared that it gave the board no opportunity to submit articles, as they would have to work on them in the next meeting, and 'haven't even been told yet' that a Special Town Meeting was called.

He called up the chairman of the board of Selectmen, and then told the other members of the board that he felt the Selectmen would accept articles from the Planning Board even though they were late.

The Planning Board has at least five articles that it wants to get in to the warrant, but may not have time to get them in.

Gillis said that there were 'at least ten' he would like to see put before the town, but he knew the board could not get them all done.

Already prepared were two articles, which will be given to the Town Clerk before Friday. Both are for rezoning, one to rezone in the Nichols Street area from SRB to SRA (22,500 sq foot lots for new homes, instead of 10,000 feet). The second, also from SRB to SRA is for the old Colonial Heights subdivision in North Wilmington, cut to pieces by the new Route 93, ten years ago.

The board wants to submit an article asking for a refinement of the previous town vote on the sell-

ing of small lots of land to abutting land owners. It isn't ready yet.

Even more important in the eyes of the Planning Board is an article for the adoption of an Official Map of Wilmington. The Planning Board has been working on this for months and the proposal is to be given to the board next week by Professor Elliot of Harvard University and Charles Downs, one of his associates.

The board hoped that it would be able to get the Official Map article into the Town Meeting warrant.

Gas Stations  
More controversial was a discussion about gas stations.

Chairman Gillis wanted to submit an article revising the Zoning By Law, and putting the Board of Appeals in control of new gas stations.

Austin Rounds thought that, instead, there should be a Special Zoning just for gas stations. In this way, he argued, the vote would be up to the town, in Town Meeting. 'What basis would the Board of Appeals have for turning down a proposed gas station?' he asked.

The board agreed to postpone discussion on this point until a later day.

New Firm?  
Over an hour was spent with two representatives of a firm that may locate in Wilmington. The discussion was on zoning, and other problems.

### Sub-Divisions

Two members of the firm of Jackson Brothers were at the meeting to discuss their proposed subdivision of Allen Park, off Parker Street. The Planning Board wants to improve the circulation plan by having another road into the subdivision.

Jackson Brothers proposed that they would submit a letter asking for an extension of time for the consideration of their plans.

Chairman Gillis discussed a telephone conversation he had had with the developer of Hanson Road.

The result of the discussion was that the developer had agreed to get going on the project. He wants a letter from the Planning Board saying that the bankbook, with the money therein entered, would be returned to him within seven days after the completion of the work.

Town Engineer Arthur Harding told the board he would do his very best to supervise the work.

## Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hi, what a wonderful surprise I had this week. Judy Conant from the Abigail Circle of the Methodist Church called and asked me for the names of six boys in Vietnam, so that the Circle could send them packages. It seems that presently the church is not represented overseas, and they wished to do something for the boys, so this gal has sent six names to her. If there is any organization interested in this enterprise also, please let us know, or if you know of a boy over there that isn't likely to get any package, just give us a call, or drop a line. Between us, we should have them all covered. Great idea, Abigail! We'll try an Operation Christmas. Thanks.

Dapper Harold McKelvey and his Mrs. are headed for Florida on an anniversary trip—their forty-fourth. To quote Harold exactly, 'anybody who could stand me for forty-four years deserves a trip to Florida'. Congratulations to you folks, and have the greatest time.

Did you know that; Roland Vidito of Crescent St, Wilmington is a freshman at Bryant & Stratton, as is Pamela Marie McInnis of 8 Gunderson Road and John Lacey of 194 Salem Street...Pat McKenna of 332 Lowell St won \$125 for a suggestion made to John Hancock...Don D'Errico is serving with the newly formed U.S. Mobile Riverine Force in the Mekong delta...Johnnie Pilcher of Carterlane married to Dotty Hersom is in the Gulf of Tonkin on the cruiser St. Paul...Ronnie Wybert of 29 Glen Road is the vice president of the senior class at Suffolk...Bub Clark of 23 Floradale Ave has been elected President of the Freshman Class at Thompson Academy...Okie has a new chef called Dick and he can scramble eggs almost as well as the boss...Frank J. Grenon of Brentwood Ave. has been enrolled at 'Northeast Inst. of Technology' by his company for an 8-month course in refrigeration and air conditioning...Wesley Kobylak of 15 Marlon St is at the University of Rochester...Kartuz Greenhouses of Chestnut St is exhibiting at the Harvest Show on the Boston Common and is part of the house plant section and the show runs from ten to ten daily and one to six on Sunday...Nancy Ritchie of Glendale Circle, whose father is John Ritchie, the policeman and football coach has been selected to serve as a United Fund Committee Member by the John Hancock Insurance Company...Tony DeLuca of St. Thomas Parish and John Boeri of St. Dorothy's Parish have been selected as chairmen for the Cardinal Cushing Campaign on October 9...that the Town Manager has been seen in his shirt sleeves rubbing elbows with the tree department this week, and that's what we like about Sterling!

A note from the League of Women Voters speaks of the retirement of Vernelse Hensley as President and the election of our own Nancy

Bodenstein to replace her. Madelyn McKie, who incidentally is doing a terrific job on the Planning Board, and is an active member in the League, has invited the League to bring their husbands to meet a couple of fellow from China who lived under the communists on October 18 at her home on Woburn Street. If you wish in on this, gals, give either Nancy or Madelyn a call. Both live on Woburn St.

Evelyn Pierce called to tell us that the DeMolay Mothers Club will be having a TRASH 'n TREASURE SALE, which is kind of a White Elephant sort of thing. This will be at the Masonic Hall next to the Fire Station on October 21 from ten to four and will include in its merchandise clothes, china books appliances, furniture, tools and toys. If you wish to donate something, call Evelyn 658-3508.

Jim Capozzi, down on Chestnut Street has got a real hot ball. It's that first one that went foul, in the first Sox-Cardinals game a week ago.

Jim was seated near Governor John Volpe, and when that foul ball came through the air that Old Baseball Instinct just got the better of him! He upped and caught it.

And who wouldn't?

Another Chestnut Street resident has a story on the Sox, too.

Terry, the daughter of Mr and Mrs Tom O'Connors of 103 Chestnut Street won a seasonal ticket for all Sunday and Holiday games of the Sox, next year, from Radio WMEX in Boston.

She was the girl who made the best prediction on who would win the A.L. pennant, and by how many games. Her name was on WMEX half a dozen times, for the stunt, and the announcer who told it to the world was none the less than Tony Conigliaro.

Gail Janet Phillips, daughter of Mr. and Mrs. Edward H. Phillips of 36 Lawrence St, Wilmington has been accepted as a freshman at Bryant & Stratton and will major in the Medical Secretarial Field.

Principal Barney McMahon made the announcement that Catherine Filipowicz of 23 Oakridge Circle has been named a Semifinalist in the 1967-1968 Merit Scholarship Program. This means that she scored the highest in the state on the National Merit Scholarship Qualifying Test given last February. Cathie's a Senior and not only should be very proud, but we should be proud of her and the school system that has educated her. What about that folks?

The Boosters Club for the Wilmington Crusaders and Swordsmen will be holding a League of Nations supper on Nov 4 at the Grange Hall. Serving will be from six to eight and admission will be 99¢ for adults; 50¢ for children under 12 and 25¢ for preschoolers. (At that rate we could take the whole clan, but the Crusaders would lose money on those under 12 ones!) The menu will be salad, rolls, butter, tea coffee, milk and dessert with the League of Nations entrees—main dishes. Hear that the Italians and Irishmen are well represented but we need Greek, Armenian, and Polish, plus any other which you may be! The proceeds of this supper will go to support the Corps and believe me, it's a well worth while endeavor...and they need all of your support. Have you seen those kids and their tremendous effort, and the adults that sponsor and THEIR tremendous effort? All out for this one, folks.

Peggy DuBois of Burlington Ave is a freshman at Immaculate College in Immaculate Pennsylvania. Peggy graduated from the Academy of Our Lady of Nazareth.

On Sept 26, at a meeting of the Merrimack Valley Guidance Association, the following appointments were made: Marge Marshall of WHS, Trustee for Everett, Tewksbury, Billerica, Burlington, Wilmington, Reading, No. Reading. President-Elect is Miss Irene M Sharp, of WHS, and Treasurer is John Gould, at West Intermediate. Looks like our folks are well represented. Congratulations to you all. That's great!

## Selectmen's Meeting

The 205 (more or less) acre gravel pit belonging to members of the Benevento family, and located in North Wilmington were the subject of a discussion in the Selectmen's meeting Monday night.

And after the meeting Town Manager Sterling Morris remarked that the town might have to 'close it down for a while'.

No one was sure of the 1957 limits of the gravel pit, as it was operating then. However the Selectmen were certain that the gravel operations had gone beyond the 1957 limits. The Town Engineer, Arthur Harding said, when asked his opinion that he believed there were violations at the pit.

The trouble was that no one could find records. Morris had reported in a previous meeting that he had searched for an agreement made between Richard Henneberger, former Town Manager and the Benevento interests, and could find no trace of it.

But some of the Selectmen are ready to act. Mrs Drew has been asking questions now for some weeks.

### Housing Authority

A letter from the Town Clerk stated that the Wilmington Housing Authority had neither dated nor signed anything written to her concerning the resignation of Eddie Forest from that board, some time ago. The Selectmen voted to send a letter to the WHA inviting them to attend a joint meeting on Oct 25.

Town Counsel Alan Altman suggested that a settlement should be made on the taking of land for Rte. 125 nearly 10 years ago. He reported that Mr Melzar had said the decision was for \$8000, and that the attorney general was about to make a ruling that they should have the land 'for nothing'.

A letter from the Outdoor Advertising Sign Commission stated that the billboard act had been disapproved, and that a hearing was to be scheduled for a proposed sign. Selectman Paul Niles recommended that the Wilmington Selectmen go on record with its state legislators in favor of towns controlling outside advertising.

A memorandum from the Town Counsel stated that a transfer of \$5000 made a few weeks ago by the Wilmington Finance Committee for a wage classification study by the Finance Committee was illegal.

A 'Hatch Act' hearing was scheduled for next Monday, for land

behind the 'Veteran's Housing' on Wildwood Street.

A memo from the Building Inspector about trucks parked on Marcus Road said that the owner was no longer parking his trucks there.

Selectman Miceli reported on a meeting with the Selectmen of Andover. He said that the Selectmen of that town were 'emphatically not' interested in co-operation, in the area of Ballardvale Street and adjoining land in Andover.

If the Town of Wilmington was interested in the purchase of water from them that might be okay, but otherwise their only interest was in the fixing up of Ballardvale Street together - the street lies in both towns.

Miceli said he 'didn't buy' this idea, and Niles said that if Andover wished to fix up the street in both Andover and Wilmington, he, for one would be interested.

Fructuoso Carrasco of Adams Street appeared before the board to discuss the purchase of some town owned land near his home. This was land, an 'island' which the Town Meeting had voted to be sold to Mr Carrasco some years ago for \$1500.

Carrasco said he presently had 63000 sq ft of land, and with the additional land he would have a total of 82,000 sq ft, with a frontage of 387 feet. He said he could subdivide into three lots, on which he planned to build.

Mrs Drew made the motion to sell and Niles seconded, carefully explaining that this was indicated by the vote of the people in 1957. Mr Boylen took exception to the idea, saying that the land was now assessed at \$2100 and that the land values had increased. Niles again pointed out the vote in the Town Meeting. The vote was carried 3 to 0.

At the request of the Board of Library Trustees the Selectmen voted to call for a Special Town Meeting on November 20 at 8 pm. The warrant will close at 4:30 pm Friday.

### Lowell Street

Representatives of Avco, the Jackson Brothers and Lucci's were present for the public hearing about 'laying out' the proposed revision of streets at the corner of Lowell and Woburn Streets.

The hearing was really held in two sections, because after the businessmen had left Danny Gillis and Mrs McKie arrived and had a meeting with the Selectmen on the same subject.

The Town Engineer explained, using a map, that Avco would be giving 29,500 square feet of land. The estimated cost for the completion, as the project was laid out, was \$25,000 for construction,

and drainage. There would be no land costs, the selectmen were told because Avco, the Jackson Brothers and Lucci were giving the land to the town.

There had been some private conversations about the possibility of a traffic circle, but no one spoke of that.

After the Selectmen had said they would take the project under advisement Mr Gillis and Mrs McKie appeared. Gillis said that the Selectmen should take the land, anyway, but that the work should wait until the Planning Board had an opportunity to make a 'traffic survey' for the whole town.

Warren Kuntz of Avco and Leland Jackson of the Jackson Brothers told the Selectmen that they were not prepared to donate the land immediately if there was no chance that something was not being done right away to alleviate the traffic problem.

Unspoken was the fact that the Jackson Brothers agreement with the town is good only to March 31 of 1968.

After everyone had left the Selectmen's meeting room Mrs McKie who hadn't said a word, spoke up to say 'but I still like the traffic circle!'

Cliff Hupper of West Street appeared before the board to enquire as to the fate of a billboard which had proposed for Rte 93.

Mr Miceli told him it had been unanimously disapproved, and that a hearing was scheduled by the Outdoor Advertising Division, Room 546, Boylston St., in Boston.

A discussion of Stop Signs resulted in a scheduling of signs for Bridge Lane and Carter Lane; Shawshen Ave at Lake and Hopkins Street, the Federal and Concord Street intersection, and at Clark Street and Middlesex Ave.

Chairman John Callan of the Permanent Building Committee appeared to ask that the Special Town Meeting should have three articles - one a Bond Issue for the Shawshen Elementary School; two - additional funds for the Woburn Street School addition of \$25,000 on account of unexpected ledge; and three - land taking for future school purposes, either a central intermediate school or a high school. The engineering on the site picked out is not yet completed, he said.

Niles asked him for a 'guess-timate' on the completion date of the Woburn Street School, and was told that it was on schedule, and that the scheduled date as Dec. 1, 1967, except for lawns, etc.

Cosmo Caterino of the Wilmington Development Company appeared to tell the Selectmen that he had an article for the Special Town Meeting, asking for the rezoning of 28 acres owned by him. The land runs beside the railroad tracks in North Wilmington, to Concord Street.

Niles asked that the Boy Scouts have permission to camp in the Town Park over the weekend. It was voted. He asked about signs which have been ordered but not received, what will be done about school crossing, and about raising money and budget items for next weeks meeting.

Miceli commented Lt. George Cushing of the Fire Dept. for his inspection of Town Buildings.

## Valery Camber is Bride

SHARON'S STUDIO

Miss Valerie Jeanne Camber, daughter of Mr. and Mrs. G. Earle Camber of 410 Chestnut Street, Wilmington, became the bride of Thomas W. Borgal, son of Mrs. Marie Borgal of 7 Maple Avenue Wakefield, in a Saturday morning ceremony, on September 30th in the Wilmington Methodist Church. The Rev. Richard Harding of Lexington, former pastor of the Wilmington Methodist Church, and the Rev. Willis Miller, present pastor, were the officiating clergymen.

The church was decorated with white gladiolus and chrysanthemums. Miss Dawne Burns of Wilmington, soloist, sang Oh Perfect Love, and The Lords Prayer.

The bride wore a sheath gown of silk organza with empire bodice encircled with a thin pink-velvet ribbon. The neck line, skirt and the edges of the puff sleeves were exquisitely adorned with Venice lace, and the Court train was

adorned with the same lace.

Her veil was shoulder length with a pale pink floral headpiece, and she carried a bouquet of white gladiolus.

Miss Lorraine San Angelo, a cousin of the bride, from Revere, was the Maid of Honor and the Bridesmaids were Miss Rebecca Hartwell of Wilmington and Miss Maureen Rueben of Montreal, Quebec, both friends of the bride.

Their gowns were light pink, of silk linen, styled with a bateau neckline and elbow length sleeves. The skirts, of soft sheath, were lightly gathered for a natural waist line, and a detachable panel of the same material was fastened to their gowns at the shoulder with a large bow in the center of the back line.

The Maid of Honor carried a pink gladiolus bouquet, and the bridesmaids carried yellow gladiolus. Their headpieces were

pink netting, with pink silk flowers on the top.

Mr. Donald Borgal of Melrose, brother of the groom, served as his best man. The ushers were Mr. Robert Riley, brother of the bride, and Mrs. Charles Chinn of Marshfield, friend of the bridegroom.

The bride was given in marriage by her father.

After the ceremony a reception was held in Maple Meadow Hall, on School Street in Wilmington.

The guest book was in charge of the Misses Carol and Kathy Conley of Bedford, cousins of the bride. The head table had a center piece of gladiolus, and each table had a bud rose, with one pink flower and chrysanthemums. Music was provided by Larry's Trio of Chelsea.

The bride's mother, for her place in the reception line chose a cheri pink ensemble with matching accessories. The groom's mother was in a blue ensemble with matching accessories, and each had corsages, but of different design.

The wedding trip was to Nova Scotia and Cape Breton Island.

The bride, for her going away costume wore a herringbone suit with blue shoes and bag.

The couple are now at home at 16 Kenwood Street in Malden.

The new Mrs. Borgal is a graduate of Wilmington High School and of the School of Art and Design of the Montreal Museum of Fine Arts, in 1967. She is employed by the Girls Clubs of Boston as Assistant Director of the Bunker Hill Club. Her husband is a graduate of Melrose High School, and is a licensed electrician at the General Electric in Lynn.

Dear Mrs Scorza and Readers  
 of the Town Crier.

In reply to the letter of Mrs  
 Dolly Scorza of Bates Ave. North  
 Wilmington, in the Oct. 5 Town  
 Crier.

When the subject of shirts and  
 ties came up at the Student Coun-  
 cil meeting, your son asked the  
 question 'What are you going to  
 do when a student refuses to wear  
 a shirt and tie?'

(Pending an approval from the  
 School Committee) my reply was;  
 'Usually when one is affiliated with  
 an educational, social or business  
 organization and isn't in agreement  
 with the rules and regulations of  
 that organization, he searches for  
 one that is to his liking.'

Because we all must abide to the  
 rules of any organization we belong  
 to, I see no other answer to the  
 question.

I am sure that you must have  
 been, or you should have been,  
 aware of all the facts before ap-  
 pealing to the local paper with  
 your opinion.

I have been a 'taxpaying citizen'  
 of Wilmington for the past eleven  
 years and being in the educational  
 profession for the past fifteen  
 years, as an instructor in the pub-  
 lic schools, I am fully aware of how  
 many cents of that tax dollar is  
 used for educational purposes for  
 your son and the children of all the  
 people of Wilmington. (Fifty-seven  
 cents to be exact).

One of the reasons for my being  
 in this Administrative position is  
 that I might contribute to the edu-  
 cation of the students of Wilming-  
 ton in giving them the best educa-  
 tion possible for the money.

I would like to express my sin-  
 cere thanks to all the interested  
 readers and say that for the bene-  
 fit of those who feel that as your  
 son's superior I am carrying my  
 powers too far, I always believed  
 in giving my all to my profession,  
 to my beliefs, and in carrying out  
 my duties to the best of my ability,

and I will continue to do so in the  
 future.

Thank you very much for your  
 interest.

Harold F. Garrett, Ass't Prin-  
 cipal, Wilmington High School.

TOWN CRIER of Wilmington  
 Wilmington, Mass.

Dear Gentlemen:

The enclosed is in support of Mr  
 Beaton's write up in 'FROM THE  
 BOX SEAT' of 28 September 1967  
 It is being sent to you so my sup-  
 port may be heard by the public  
 who read the Issue 'Co-Captains  
 Approve Coach'.

I am hoping that the article I  
 have written will keep Mr Beaton's  
 sarcastic insinuation from becom-  
 ing an 'old news item' and fur-  
 ther hope to apprise the people of  
 Wilmington that such unnecessities  
 imposed by the football coaches are  
 factual and seriously need some  
 radical changes.

You have my written consent to  
 publish my supporting article if  
 you so wish.

I have been away from Wilming-  
 ton nearly five years now and prob-  
 ably will never return to reside,  
 however, because reputable con-  
 sistency of printing useful news and  
 keeping in consonance with the Am-  
 erican demand of printing only  
 truthful news has been your rule  
 of thumb, I am always up to date  
 of the happenings around Wilming-  
 ton. My wife (not a Wilmington  
 ite) and myself especially enjoy  
 'Nosey Nancy' and miss it dearly  
 whenever it isn't carried in your  
 newspaper. I have obtained nu-  
 merous addresses of my fellow  
 service men whom I once buddied  
 with while living in Wilmington as  
 a youth, and I thank you for this  
 wonderful service.

William R Iovanna

In retaliation was the unwitting  
 letter that was published in the  
 5 October 1967 edition of the TOWN  
 CRIER. This letter factitiously  
 entitled 'Co-Captains Approve  
 Coach' was purely skeptical and  
 seemingly an exemplification of  
 brainwashing. This letter com-  
 bined with the page two apologetic  
 writeup also published in the 5 Oct  
 edition concerning Mr. Beaton's  
 sarcastic but undoubtedly knowl-  
 edgeable statement printed a week  
 before has provoked me to write  
 in support.

Is it totally essential and fruit-

ful that 'high school' football play-  
 ers should or shall be subjected to  
 torment and abuse? Is it so im-  
 portant that boys of such age be  
 ridiculed or undiplomatically re-  
 primanded just to improve their  
 performance during a football  
 practice or game? The game of  
 amateur football for these boys  
 should be fun, excitement, and  
 overall a competition of enjoyment  
 not resentment. The game should  
 be intended to teach each boy to  
 conduct himself orderly, work with  
 others, respond to commands, and  
 of utmost importance, to teach him  
 responsibility. It should be a game  
 to play not a game one 'has' to  
 play to the tune of others who  
 require certain obnoxious and ex-  
 treme objectives be rigidly attained  
 as if it was an occupation.

When I studied at WHS, which was  
 not very long ago, the football team  
 was also coached by Mr B and Mr R  
 and it was then too evident that mis-  
 treatment and strong persuasive  
 tactics were being imposed on  
 players.

If a supervisor must either re-  
 sort to corporal punishment, use  
 obscene and profane language, or  
 reprimand either publicly or inju-  
 diciously, his subordinates, to ac-  
 complish a desired goal, then I say  
 let him be tried and found guilty  
 of extremely poor leadership, stu-  
 pidity, and social immaturity and

ultimately relieved.

Is your son playing or planning on playing football for WHS? Will his education be furthered on the gridiron by learning responsibility or will he be taught that a person must behave like a bestial human being and use wrathful temper to obtain needed results? Can you prudently resolve that Mr. B will willfully devise a fictitious state-

ment then publicly convey the lie through your respected town newspaper?

In conclusion, I tend to wholeheartedly concur with Mr. Beaton in his statement in 'From the Box Seat' of 28 September 1967 which is much too lightly being accepted as truth and suggest that his statement (concrete insinuation) be probed and not disregarded. Yes, Mr. Beaton, coaches like Joe Gilligan can and do get by in football. Regards.

If you're just sitting around with nothing better to do, you might dream up a cure for a common cold.

Though not a killing disease, the cold causes more discomfort and annoyance to more people and racks up a greater economic loss than any disease that comes to mind.

Colds are caused by an elusive virus; women catch them more often than men and age apparently has little effect, at least between the late teens and forty. A sneeze by a cold sufferer will fill the air in a room with countless drops of floating droplets that will not totally disperse for upwards of an hour... hence any susceptible person is liable to be immediately infested with the germ.

For all cold preventatives and reliefs depend on your pharmacist. It takes only a few minutes to get your quality prescriptions filled at the SILVER LAKE PHARMACY in Wilmington at 52 Main Street.

#### ARNOLD BISHOP MEETS HIS SISTER

Mr and Mrs Arnold Bishop, Sr. of 102 Grove Avenue have returned from a recent trip to Canada.

Ostensibly the Bishops went to Canada to attend a wedding, but their pleasure was doubled when Mr Bishop met a sister for the very first time.

Mr Bishop comes from a large family. He is a twin and the youngest in the family.

Soon after the twins were born, in 1903 their mother died. The family was then separated. Lella, slightly older than the twins, was taken by one family of friends. Ronald, the other twin, was taken by another family.

Lella was still very young when her 'adopted' family moved from New Brunswick to Alberta. She grew up without ever seeing her real family.

Arnold and Ronald grew up in separate families meanwhile, never realizing that they were even brothers. In the early 1920s each of the twins moved to the United States separately.

They only discovered their relationship by the accident of being employed by the same company in Boston.

Ronald moved back to Canada in 1928, but the brothers never lost contact with each other.

Ronald's daughter married and moved to Alberta, and it was there that she discovered her aunt, Ronald, on a visit to his daughter five years ago, met his sister.

Although Lella had visited New Brunswick about two years ago Arnold was not able to make a visit at the same time.

On his trip this year he had no expectations of seeing his sister. Lella, too, had not expected to see Arnold.

Now that the family has found each other, they have no doubts that they won't lose each other again too easily!

ARSON CASE  
(Fr. Fr. Page)

call firemen were summoned, to take the place of the two men on Engine 2.

Tommy Buckle and Bernie Robinson were the call firemen. They parked their cars in the Masonic Hall parking lot adjacent to the Fire Station, and immediately noticed a smell of smoke in the air.

Instead of going directly to the fire station the two men walked to the rear of the Masonic Hall, to look things over. A cloud of smoke could be detected over Rotary Park but no fire could be seen.

They went to the fire station and dashed upstairs, to look out the rear window. There, through the trees, about a quarter of a mile away, could be seen a little glow from a fire - at the site of the old building.

Even before the alarm was blown (122) Engine 5 with half a dozen men on board was on its way. It went up to Main Street, down to Weinberg's store, dropped off a man to connect two hoses to the hydrant there, and sped on to the old house, stopping near a window in the back part of the house, on the side nearest to Weinbergs.

Although the fire was burning inside, hardly anything could be seen outside when the fire truck arrived. The five men jumped off, manned the hoses, and shouted to the man left at the hydrant to turn on the water.

Two good streams of water could possibly put out the fire before the flames got outside the building - but no water came!

The fireman who was at the hydrant either broke the bronze axle or found it broken - because the wrench he was using just spun around and around, without engaging.

And the five firemen manning the waterless hoses shouted - first at the man back at the hydrant, and then at each other.

For 30 seconds it was a Irish Parliament - everybody shouting and nobody listening.

Then the men jumped back on the truck, drove around the building and back to Middlesex Avenue, and then to the parking lot near Beddell's Building on Main Street, where there was another hydrant.

Truck No 1 was in North Wilmington, and Truck No 2 was on Burlington Ave. They were summoned by radio, and were racing to the scene of the fire as Truck No 5 was looking for a hydrant that worked.

Perhaps five minutes were lost in getting water to the fire. Truck No 2 hooked up to the hydrant near Beddell's, and Truck No 1 hooked up to the hydrant near the Walker School and the Police Station, to supply water to the Ladder Truck.

And overlooked was the hydrant near 47 Middlesex Avenue.

Burlington, Tewksbury and Reading sent help, and it was nearly 4 am before the fire was declared out. For the last hours of the fire there was unofficial help, in the shape of coffee and donuts supplied

by members of VFW Post 2458.

There were several hundred spectators who enjoyed themselves. The wind blew sparks in the direction of the Rotary Park and pond but the fire did not spread, and at about 11 pm, when the biggest chimney fell, the thud was plainly heard throughout the area. It reminded the old timers, watching, of another chimney which fell, up near Silver Lake, many years ago and killed two firemen. There were of course, no firemen near the spot where the chimney fell. Wilmington's Fire Department will never make that mistake again.

The building, unused for years, dated back at least to 1887, which date could be seen in the carved woodwork adorning the second story - woodwork which may have been carved by the Mr MacGregor who was working back at that time for the famed Mrs. Dr. France Hiller.

## FROM THE BOX SEAT

Methuen threw a giant size scare into Wilmington High on Saturday as they outplayed the Wildcats for three periods.

Methuen scored in the opening period when quarterback Florenz culminated a drive by firing a 20 yard touchdown pass to Michaud who converted, giving the home team a 7-0 lead. WHS tied it up in the next period in much the same fashion. Quarterback Billy Walls hit Mike Esposito with a 25 yard scoring pass and Mike kicked the extra.

The third period was scoreless and it wasn't until the fourth that Wilmington actually came to life. Hockey star Jim Brewster picked off a Florenz toss at the Methuen 30 and scampered to paydirt with the winning TD. Once again Esposito converted, making the count 14-7. Big Bill Walls tallied the clincher a few minutes later, sneaking over from the one. Freshman Esposito's kick gave the Belissimo men a 21-7 win, their third in a row.

In other Merrimack Valley action Saturday Chelmsford topped Tewksbury 16-6 and a strong Dracut team belted North Andover 22-6. The Wildcats meet undefeated Dracut this Saturday in what looms as a battle for the crown.

The Jayvee Wildcats also won their third in a row in convincing

fashion, as they trounced their Methuen counterparts 32-0. Bobby Quandt ran for the two scores. Jim Tildsley carried for one and passed to Ed Harrison for the other.

In another tri-town meet the WHS cross country team split, taking Dracut and taking it on the chin from Andover. Dave Knight and Frank Harrington finished two, three in the race.

The Jayvee team was triumphant against both opponents. On Friday the varsity defeated Lawrence Vocational 19-39. It was Knight and Harrington leading the pack again followed by frosh Ernie Taylor for Coach Kelly's Blue and White.

### UNRESERVED

Would you say the Atlanta Braves are cleaning house? . . . Tryouts for Men's League basketball each Tuesday night at the West Intermediate school . . . Notice how defending champion Andover High tucked it to hapless, helpless Lawrence Voke 58-0. They were humiliated by Wilmington apparently to such an extent as to require their first string the entire four quarters.

Santiago and Bell will be bullpen regulars next year . . . Jimmy Piersall will really be in his glory, jockeying pitchers from the Angels third base coaching box . . .

Bucky Backman is doing a fine job of renovating the Skating Club's rink . . . Sunday was a real off day for the Pop Warner team. Their spectacular winning streak was rudely snapped as Swampscott shocked the Chargers 46-6. Four interceptions and two dropped touchdown passes killed Connie Barry's little men, who meet Stoneham this Sunday at 1:30 on the high school field.

Once again the Boosters have purchased and will shown the film of this Saturday's game at their meeting Monday night at 8:00 at the high school cafe. . . Buy a Booster Button - they're still on sale!

Jim Morris is pressing and should be switched to guard. He's a great blocker who just can't be benched, but cannot be allowed to snap games away from his center spot . . . Why is it every Boston paper puts all its 'good' writers on the World Series, neglecting the Hub's other three pro teams?

Will signed for a quarter of a million. The whole franchise isn't worth that much - who are they kidding?

It's a nice gesture on the part of the town letting Austin Prep use the fields for football (Town Park for practice and High School field for games). The school has been attracting some of this town's fine young athletes and is doing its best to provide an attractive athletic program. . . .

### PRESSBOX

My compliments to Wilmington High's three very talented football captains for an excellently constructed letter to the editor. Further, my sincerest apologies to them for having been so brash as to assume that they found 'physical' criticism by coaches distasteful. As one who has 'never played high school football' I, most regrettably, missed the ecstasy of having the hustle beaten into me. I have been part of thirteen championship teams in other sports and have always found that it was the INCENTIVE TO WIN and not fear of corporal punishment that made everyone put out one hundred percent.

Finally, I've always been of the opinion that anyone who resorts to violence to make a point is not a he-man, but one gravely deficient in the skills of oral communication.

## \$100,000 Suit

## Romano Sues Elia

Michael Elia, younger brother of the firm of Elia's Country Store has been named the defendant, in a suit filed in Middlesex Superior Court, and attached for the sum of \$100,000.

Papers filed by Atty. Leo Sontag of Boston for Ernest Romano, Director of Public Health of the Town of Wilmington allege that Mike Elia, on or about May 2, 1967 'publicly, falsely and maliciously spoke to the plaintiff' (Romano) and accused him of being a 'shake-down artist'.

The declaration by Sontag further alleges that the conversation was carried on while Romano was making an inspection of Elia's store, in the company of the Chairman of the Board of Health, James Durkee.

Elia's words, according to the complaint, were in essence repeated in several different ways. The declaration states that Elia was 'meaning and intending' to charge the plaintiff with having committed the crime or crimes of attempted solicitation of a bribe or bribes or solicitation of a bribe or bribes and/or extortion or a combination of the same.

It further goes on to say that this caused the plaintiff (Romano), great distress, mental anguish and humiliation and caused the plaintiff to suffer greatly in his good name, reputation and employment all to his great damage, as in his writ alleged.

Elia, through his attorney, Roland I Wood of Wilmington has denied each and every one of the allegations, and further said that if the statements were said he was provoked into saying them by the 'wrongful and malicious acts of the plaintiff'.

Elia also holds that if he did make the statements it was in a 'privileged conversation' by reason of the occasion, and that the same was in good faith and without malice in the belief that the same was true.
